Dear Commissioner Members,

I am writing to encourage you to recommend increasing energy efficiency as part of the APS rate case.

As an APS customer, I have already implemented many energy efficiency programs to my house. As Arizona grows, we need a more efficient and greener mix of energy sources to help meet or even reduce our future energy needs. Through an increase energy efficiency programs, the Commission will allow both Arizona businesses and consumers to save money while benefitting our local economy.

I urge you to increase energy efficiency requirements as part of the APS rate case.

Sincerely,

Blair McLaughlin
